Calentamiento: Traduce

- Good afternoon! My name is Sofia and I am a student at CCA. My first hour is my favorite because I have Spanish class! My teacher is Mrs. Teixeira. She is short, young and pretty but very strict. For the class I need a pencil, a pen, my three ring binder with folders and a positive attitude (actitud). One must pay attention and it is prohibited to speak without permission (sin permiso). The class is SUPER FUN but difficult. I like my Spanish class! It's as fun as CALCULUS!

Let's PEER REVIEW OUR PROJECTS!!!

▶ Instructions:

- Read each one of the categories in the “Performance Skills” guide so you know what you are looking for.
- With the “Performance Skills” guide, pair up with a classmate and read each other’s draft. You have 10 minutes.
- When you are finished, complete the chart for your classmate’s paper. Where it says MI NOMBRE, that is the name of the owner of the draft. Where it says EL NOMBRE DE MI COMPAÑERO, that is the person who is doing the review.
- BE OBJECTIVE! The idea is to give your classmate the opportunity to correct their errors before they turn in their work on Wed.
