

8TH GRADE: PRACTICE NUMBERS WITH CARDS!!

- ▶ In groups of four, one is the “dealer”. The dealer will put on the table 3 cards. As quickly as you can the first person to the right of the dealer needs to say the number. If they don’t know it in 10 seconds, is the turn of the next person. Each person has three turns and then it is the turn of the next student. When all the students have gone we switch dealers.
- ▶ The student that answer most numbers correctly wins a FICHA.
